DISCOVER VIHAN

Vihan is one of the leading electrical product manufacturers in INDIA and is known as a solution-making company, we have a range of ornate products that tell you exactly what has been defined for you. From manufacturing India's largest range of designer switches, myriad purposeful LED lighting, robust built electrical wires, and MCB, we have recently entered in home automation domain.

The Vihan modular range offers superb quality and has a product to cover every requirement, whether for your home or high-end commercial installations. Defined by design and Innovation, Vihan modular had adopted technologies that have received a plethora of appreciation from its users!

We love to give an electric performance! After all, we have recently won the emerging brand of the year award in 2019.

EXPERIENCE

Vihan Modular Established in 1997, under the guidance of chairman Mr. Devendra Jain, the company has 25 years of a strong presence in pan India. One of his forethought is, to make Vihan one of the best and most popular electrical devices company in India with a significant global presence in the next five years!

VISION & MISSION

Our vision is to make innovations at par with the advent of new trends in the future and when it comes to LED lights or advanced switches, we have an ardent desire to lighten every home with our LED lights! With a constantly expanding product range and growing market share, Vihan is emerging as one of the largest Indian electrical switches and LED Lights company.

As an award-winning company, our goal is to make India shine, along with saving energy and making every household a recipient of quality when it comes to electrical requirements. We want Vihan as your electrical partner, we want our customers to be happy and satisfied with our quality-rich products so that they visit us again and again.

OUR TRUST BANDWIDTH

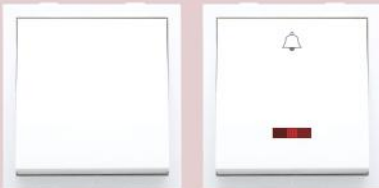

Our products are made to high standards of quality and comply with all the regulations and safety norms. In short, we are an ISO Certified electrical manufacturing company in India, Mumbai. Also, we use the latest testing methods to ensure the quality of the product before actually delivering it to the customer. And trust the company's high-end supplied inventory records, people are loving our products and recommend them too.

OUR PRESENCE

We have a strong network of over 3500 direct distributors in Pan India, and we have emerged as a leading name for electrical goods suppliers. We believe in creating innovations, for better living and therefore every day, our distributor acquisition is increasing day by day. It won't be a wonder for us if a local electrician recommends our products to you. we are committed to enhancing end-user satisfaction levels through our outstanding quality products.
