the reflection of modern elegance

DISCOVER VIHAN

Vihan is one of the leading electrical product manufacturers in INDIA, and is known as a solution making company, we have a range of ornate products that tell you exactly what has been defined for you. From manufacturing India's largest range of designer switches, myriad purposeful LED Lightings, robust built electrical wire and MCB'S, we have recently entered in home automation domain.

The Vihan modular range offers superb quality and have a product to cover every requirement, whether for your home, or for high end commercial installations. Defined by design and Innovation, Vihan modular had adopted technologies that have received a plethora of appreciations from its users!

We love to give an electric performance! After all we have recently won emerging brand of the year award 2019.

EXPERIENCE

Vihan Modular Established in 1997, under the guidance of chairman Mr. Devendra Jain, the company has 25 years of strong presence in the pan India. And it was because of his leadership and statesmanship, that Vihan won an award as the emerging brand of the year 2019. One of his forethought is, making Vihan one of the best and most popular electrical devices company in India with a significant global presence in next five years!

VISION & MISSION

Our vision is to make innovations at par with advent of new trends in future and when it comes to LED lights, we have an ardent desire to lighten every home with our LED lights! With a constantly expanding product range and growing market share, Vihan is emerging as one of the largest Indian electrical switches and LED Lights company.

As an award-winning company our goal is to make India shining, along with saving energy and making every household a recipient of quality when it comes to electrical equipment. We want Vihan as your electrical partner, we want our customers to be happy and satisfied with our quality rich products, so that they visit us again and again.

OUR TRUST BANDWIDTH

Our products are made to the high standards of quality and complies with all the regulation and safety norms. In short, we are an ISO Certified electrical manufacturing company in India, Mumbai. Also, we use the latest testing methods so as to ensure the quality of the product before actually delivering it to the customer. And trust the company's high end supplied inventory records, people are really loving our products and recommending them too.

OUR PRESENCE

With a network of over 3500 direct distributors who are selling our products in India, we have emerged as a leading name of electrical good suppliers. We believe in creating innovations, for better living and therefore every day, our distributor acquisition is increasing day by day. It won't be a wonder for us, if a local electrician recommends our products to you, in fact we are committed to enhance end user satisfaction level through our outstanding quality products.

A woman with long, wavy brown hair and dark eye makeup is the central figure. She is wearing a vibrant red, sleeveless dress with intricate lace detailing. She holds a single, bright yellow rose in her right hand, which is positioned near her chest. Her left arm is raised, with her hand resting behind her head. The background is a rich, textured red, featuring large, circular, metallic-looking patterns that resemble stylized leaves or petals. The overall lighting is warm and dramatic, highlighting the woman's features and the textures of the dress and background.

Intriguing the desire of
opulence
